

Advising Course Plan - Psychology Major - Option 3

What follows is an example two-year plan for a 3rd-year transfer student bringing in transfer credit for PSYC 101S, one PSYC Elective, and MATH 125Q. One other PSYC Elective could also be allowed (a maximum of three courses with the PSYC prefix may be transferred into the major). The plan below includes only 1 transferred PSYC Elective. Other plans will work, too. It is critical, however, to have completed both MATH 125Q and PSYC 203 by the end of the first semester you are enrolled at Stetson and that you start the research sequence of courses (PSYC 306Q, PSYC 498, and PSYC 499) no later than the second semester of your junior year. These courses must be taken sequentially.

Transfer units applied toward the major (3 units): PSYC 101S, MATH 125Q, and 1 PSYC Elective

Third Year		
Fall		Units
PSYC 203	Foundations for Psychology Majors: Scientific Inquiry, Information Literacy, and Professional Dev.	1
