

Advising Course Plan - Computer Information Systems 2-Year Plan

This advising plan shows an example of working through the requirements for the major in two years. It is appropriate for students who have already completed sixteen units of coursework with many of the General Education requirements satisfied by that earlier coursework. The student's individual academic plan will be developed in consultation with an adviser and reviewed each semester prior to registering for the next semester. This plan assumes that the student has taken CSCI 141 and CSCI 142 prior to the first semester shown in the plan. Students who have completed less than 16 units, have a substantial number of General Education requirements yet to satisfy, or who have not completed the courses just listed may not be able to complete the degree in two years.

Courses for the major that should be completed prior to the first semester of this plan: CSCI 141 and CSCI 142

First Year		
Fall		Units
CINF 201	Database Systems	1
CSCI 221	Software Development I	1
MATH 125Q	Introduction to Mathematical and Statistical Modeling	1
General Education Requirement or Elective		1
Term Units		4
Spring		
CSCI 321	Software Development II	1
CINF 301	Web Application Development	1
Major Elective Requirement at 300- or 400-level		1
General Education Requirement or Elective		1
Term Units		4
Second Year		
Fall		
CINF 498 ¹	Senior Project I	1
Major Elective Requirement at 300- or 400-level		1
Major Business Elective ²		1
General Education Requirement or Elective		1
Term Units		4
Spring		
CINF 499	Senior Project II	1
General Education Requirement or Elective		1
General Education Requirement or Elective		1
General Education Requirement or Elective		1
Term Units		4
Total Unit: 16		

¹ Three CSCI/CINF/CSEC 300- or 400-level courses required to register

² Select one of the following courses: BSAN 360, BSAN 383, BSAN 461, BSAN 465, BSAN 481, BSAN 494.
