

Advising Course Plan - Environmental Studies Major 2-Year Plan

² **One of three Major Elective courses in Social Science and Policy** (at least one must be ENSS and at least one must be non-ENSS)

ENSS 204S, ENSS 310V, ENSS 313, ENSS 314, ENSS 315V, ENSS 316V, EN

This advising plan shows an example of working through the requirements for the major in two years. It is appropriate for students who have already completed sixteen units of coursework with many of the General Education requirements satisfied by that earlier coursework. The student's individual academic plan will be developed in consultation with an adviser and reviewed each semester prior to registering for the next semester. This plan assumes that the student has earned the equivalent of Introduction to Environmental Science and Studies (ENSS 140V) prior to the first semester shown in the plan.

Students who have completed less than 16 units, have a substantial number of General Education requirements yet to satisfy, or who have not completed the courses just listed may not be able to complete the degree in two years.

Courses for the major that should be completed prior to the first semester of this plan: Introduction to Environmental Science and Studies (ENSS 140V)
