

# Advising Course Plan - Applied Mathematics - Physics - 3 Year Plan

---

<sup>1</sup> One of two units required from MATH courses: MATH 312, MATH 361, MATH 371, MATH 372, MATH 411, MATH 422 and one of two units required from PHYS courses: PHYS 322, PHYS 332, PHYS 343.

This advising plan shows an example of working through the requirements for the major in three years. It is appropriate for students who have already completed eight units of coursework. The student's individual academic plan will be developed in consultation with an adviser and reviewed each semester prior to registering for the next semester. This plan assumes that the student has taken Calculus I and Calculus II prior to the first semester shown in the plan.

Courses for the major that should be completed prior to the first semester of this plan: Calculus I and Calculus II
