

Advising Course Plan - Psychology Major - Option 1

What follows is an *example* four-year plan for a first-time-in-college student. Other plans will work, too. It is critical, however, that by the end of the second year, you have successfully completed PSYC 101S, MATH 125Q, PSYC 203, *at least* one PSYC Elective, and preferably BIOL 121P.
