

Advising Course Plan - Translator's Track/ Multi-Language Track Plan

This is a path starting the primary language in 101 and opting out of the recommended semester abroad. A semester abroad after 202L would transfer four 300-level classes in the Primary Language leaving 3 classes (two in the Secondary Language one in Primary or Secondary Language) and the senior research in translation WLGC 499 to be fulfilled.

A student placing into higher levels will finish the major sooner and can easily add a second major. Native speakers of a language other than English receive a waiver of 4 classes counting for either their Primary or Secondary Language.
