

# University Libraries

---

Stetson University has three separate libraries: one each on the DeLand campus, Gulfport Law campus, and the Tampa Law campus. Each library provides students and faculty with access to electronic and print resources, computers, meeting spaces, and study spaces in a fully networked environment. Access to the duPont-Ball Library's resources is limited to students and faculty at the DeLand campus.

Access to the resources provided by the Dolly & Homer Hand Law Library and the Tampa Law Center Library is limited to faculty, students, and staff at the Gulfport Law and Tampa Law campuses.

## duPont-Ball Library

The duPont-Ball Library librarians and staff advance teaching and lifelong learning, collaboration, and innovation while supporting the University's educational mission through its services, information resources, technologies, and facilities.

The library holds more than 240,000 print volumes, 315,000 government documents in all formats, and provides access to approximately 235,000 books and 188,000 journals in electronic format. A strong collection of scores, CDs, and streaming audio and video subscriptions supports the curriculum, especially in the School of Music.

The library has many computer workstations to provide the resources and equipment necessary to do research, evaluate results, and write papers. Students may check out laptops, tablets, digital cameras, and other learning technologies to help them with their work. Librarians provide assistance in person, via email or text, and are available for in-depth research assistance by appointment. Facilities include quiet study areas, collaborative spaces, individual study spaces, group study rooms, and a 24-hour computer lab.

The Hollis Family Student Success Center (HFSSC) is a collaborative learning space on the second floor of the library. With spaces for groups to study, walk-in tutoring, and individual study spaces spread throughout, the HFSSC provides an environment for all students to set themselves up for success. Additional services such as Success Coaching, Discovery Coaching, and Pre-Advising are also available in the Center. The HFSSC also features two large breakout rooms that are equipped with Smart Boards; several smaller smart Kapp boards are placed throughout the Center providing students with cutting-edge learning technologies. The HFSSC also has two smaller breakout rooms that are equipped with a state-of-the-art laptop pod allowing several students to connect their laptops to a monitor and work collaboratively.

Also housed in the library building is an Innovation Lab where students can experiment with 3D scanning and printing, virtual reality applications, and use a variety of 'MakerSpace' equipment. The Writing Center, located in the northeast corner of the main floor of the library, employs peer tutors to assist students in constructing writing assignments.
